

Aare was sitting on his sickbed still wondering;

What could have hit me the other time.?

I could swear i saw a ball of fire suddenly hit me. That's the last thing i remember.

Then the dream, that monster, those eyes.

CRASH

What was that?

WHAT?!

What was that?

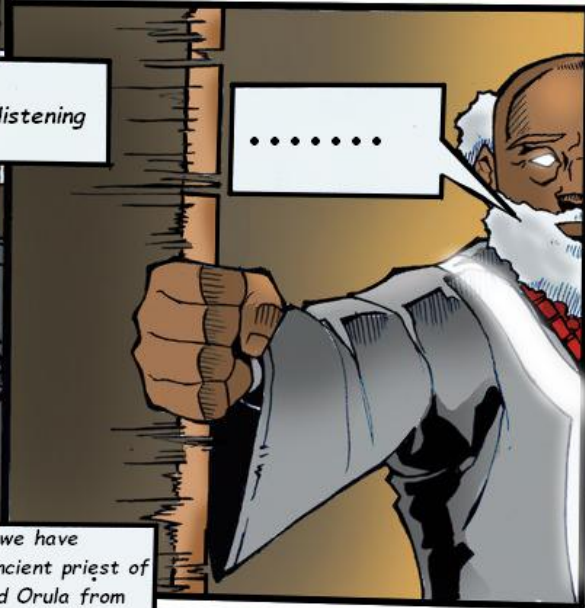

The message i have for you is urgent and we need to act immediately.

Some evil forces are responsible for the disappearances of children in this region.

I'm listening

.....

Based on what we have gathered, an ancient priest of our master Lord Orula from the warring eras still lives amongst men today.

He perpetrates darkness and decieves men today with dark powers.

Hmmmmm

Death was removed from his head by the great Ossai Yansan so that he could play his part in the future return of Èxù.

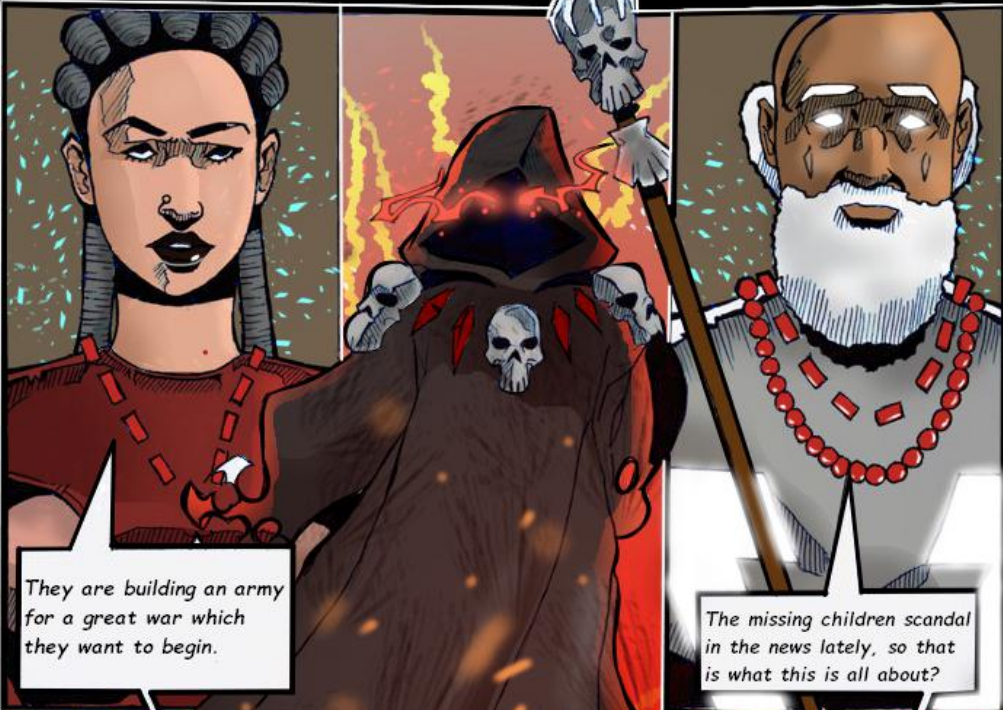

So he couldn't die?

This is just part of a very big scheme they are planning.

No he couldn't. As far as Òrún Réré is concerned, he already died, but now his spirit exists as smoke, without his soul.

Now he has a loyal servant in a man called Prof. Jaguda. This Man has been sending his subordinates to kidnap young kids from all over, for the sake of some experiments.

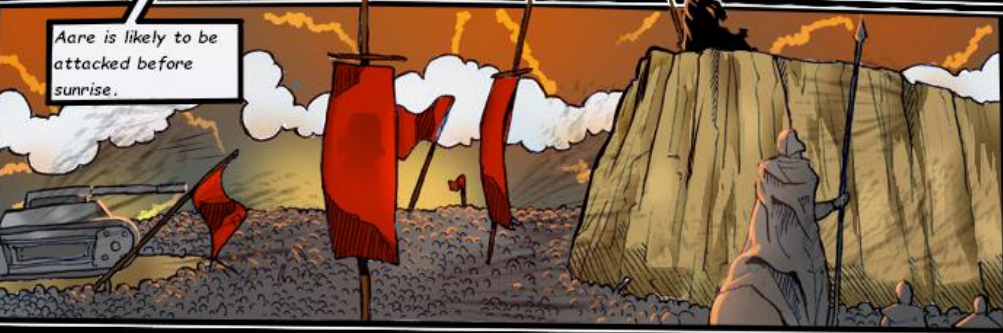

They are building an army for a great war which they want to begin.

The missing children scandal in the news lately, so that is what this is all about?

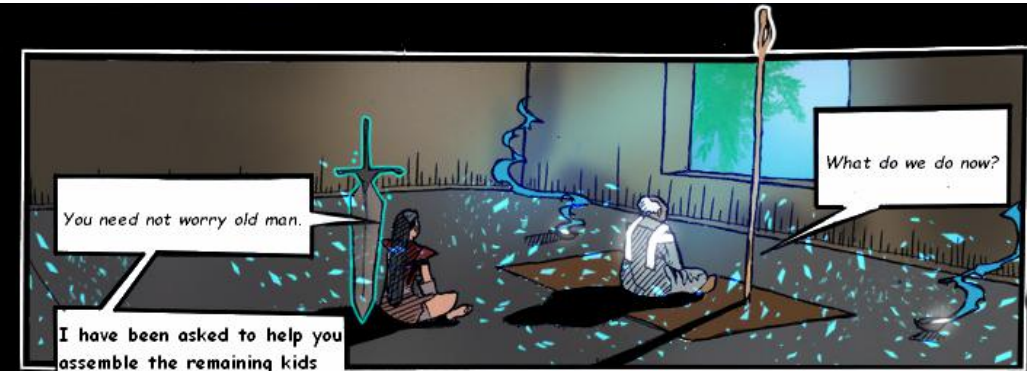

Yes!. Now there are just a few more orphanages that have not been attacked on the coast of of the west, and the enemies are to attack again tonight, according to what we have gathered.

What? The boy is still unconscious since he got the power earlier today.

Aare is likely to be attacked before sunrise.

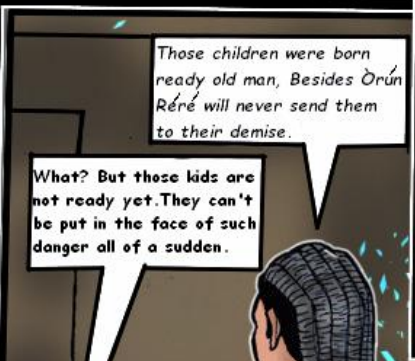

You need not worry old man.

What do we do now?

I have been asked to help you assemble the remaining kids who will help sabotage the efforts of the enemies tonight.

In order to save the lives of those kids at the orphanage, This will be their awakening quest.

Those children were born ready old man, Besides Orún Réré will never send them to their demise.

What? But those kids are not ready yet. They can't be put in the face of such danger all of a sudden.

They wield the powers of the greatest warriors that ever walked the face of the earth.

I have my orders from Orun Rere and i have delivered.

Now it's time for you to do Lord Orula's bidding and play your part to accomplish this task.

Hurry up guys;

We have one more place to go before sunrise!

Eh! Eh! This bandage makes it hard for my breathing mask to fit properly.

Stop worrying yourself about that. You let that spoiled brat get you bad this morning.

Now you're whining like a baby.

I hope Ijakpa's sleeping gas he released in this place won't leak in through a loophole and seep into my nose.

Eeehh? I did not know he was that trained, besides thunder does not strike at the same spot twice; i'll get him next time.

I don't know what to do..... Huh?

I hope somebody does something quickly.

He's coming here. i have to hide quickly.

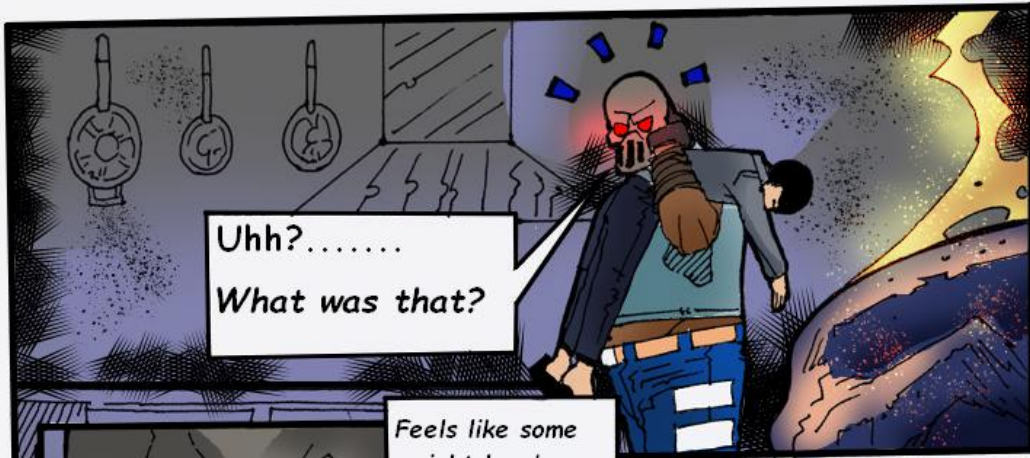

.....

I'm just going to check the other rooms.

In case we might be missing something.

I hope they have some food here 'cos i'm starving.

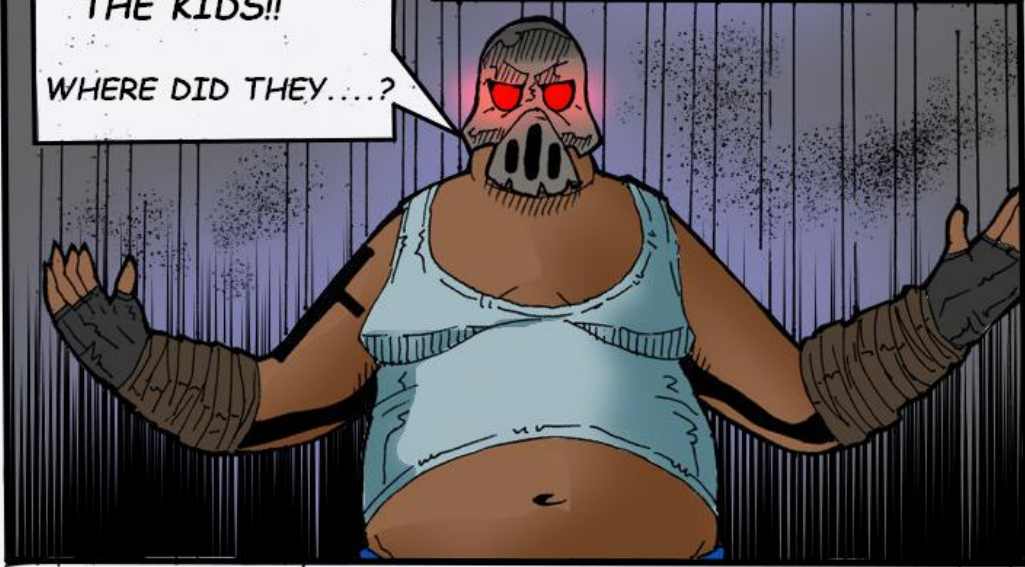

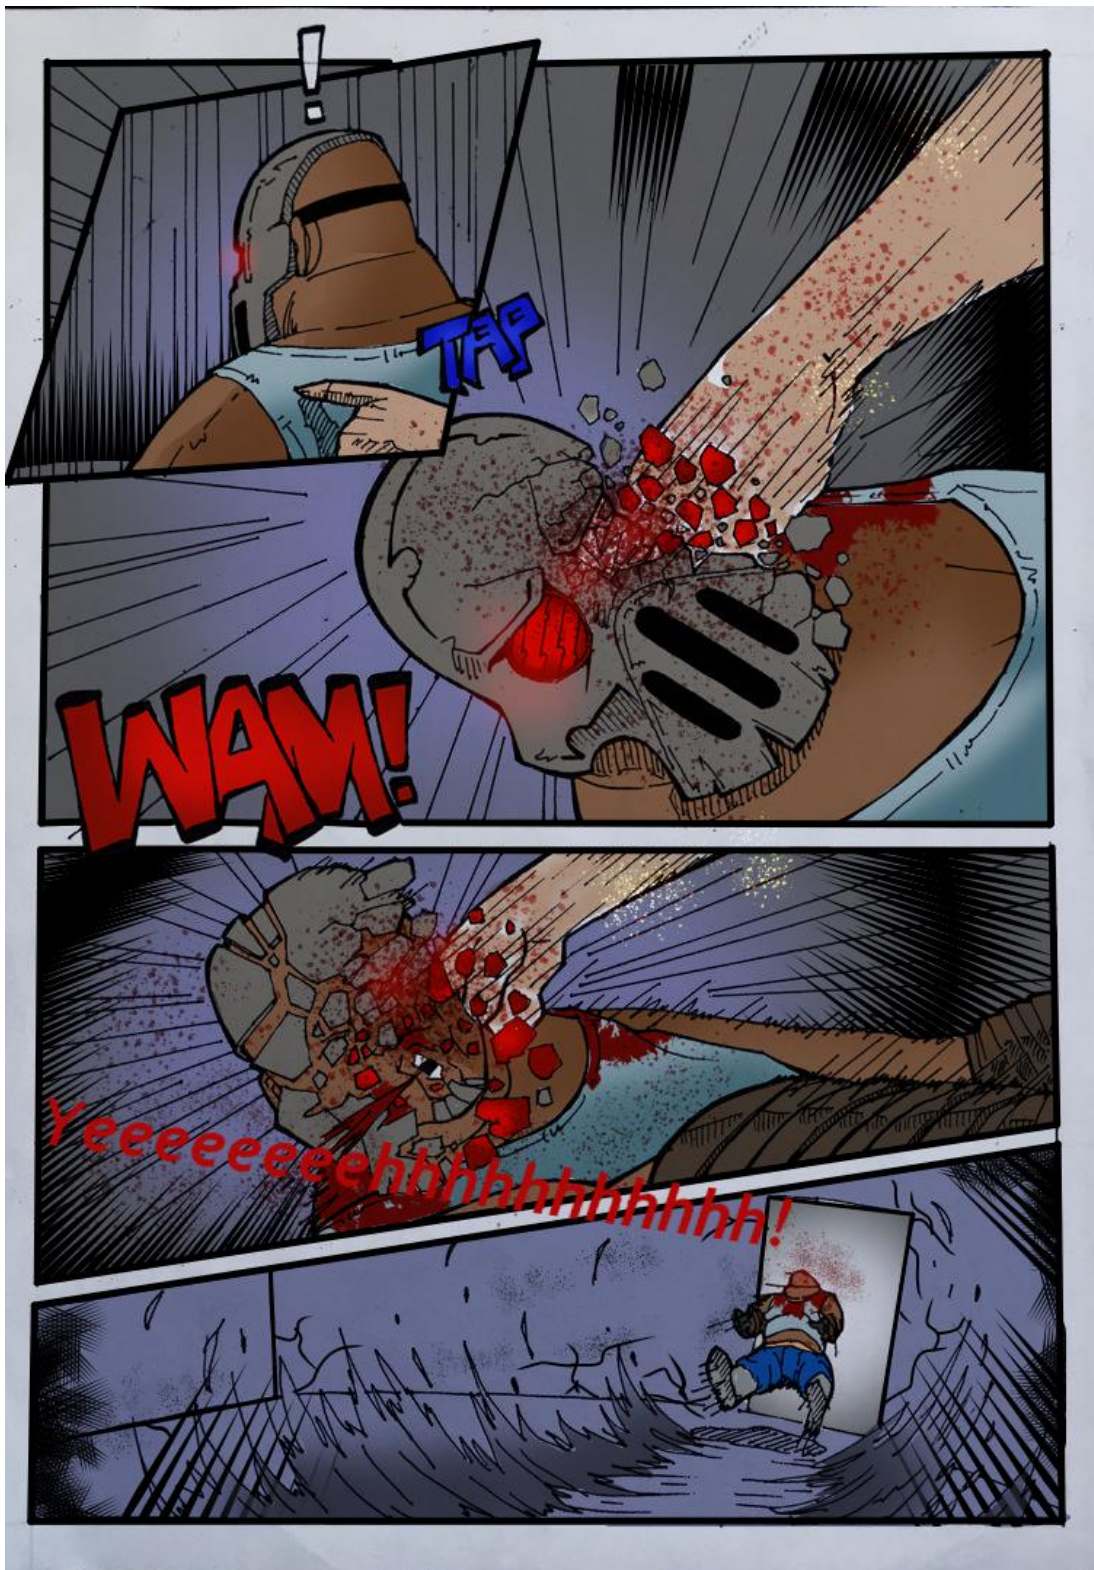

Uhh?.....
What was that?

Feels like some weight has been lifted off me.

THE KIDS!!
WHERE DID THEY....?

This bed seems like it was recently occupied by somebody.

Please turn away.

Could the person be under the bed?

What was that?

That sound came from the dining room area.

This could be my chance..... I have to get out of here.

What was that?

Lebeh! Ijakpa!

Go and check it out.

I'll go too.

Alright.

WAM

What was that noise?

It came from that way.

Where is Obele?

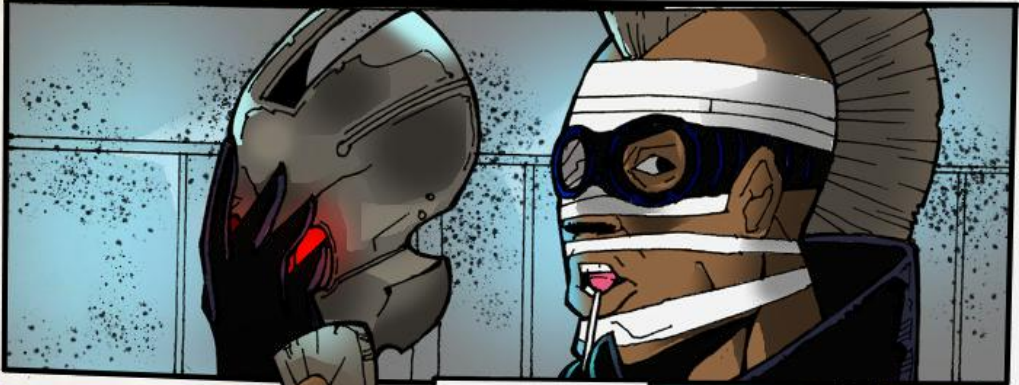

Woah!! . What the.

He's still conscious.

Who could have done this?

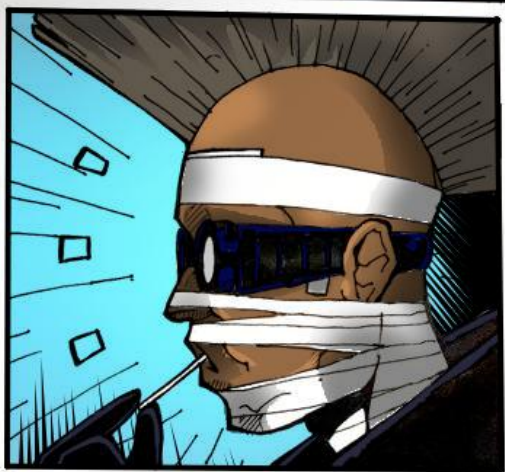

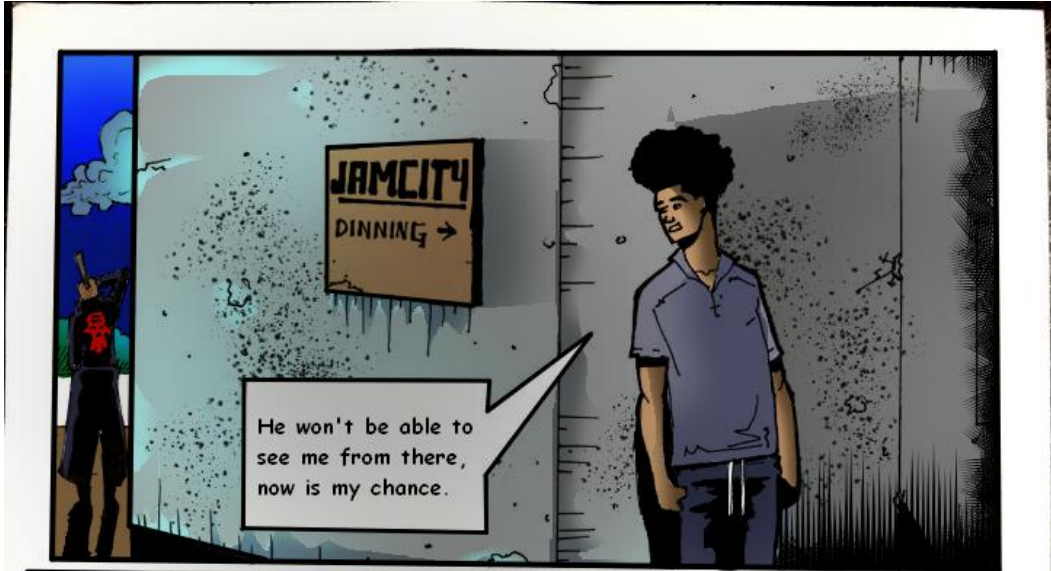

I have to sneak my way to the corridor to reach Mr. Akapan's office

I have to reach his phone and get help

What the hell happened to him?

He must have have been here looking for food as usual.

I saw him carrying two kids before entering here.

Somebody strong must have done this to him.

Eeehh?

Somebody has an antidote to your sleeping gas, eh Ijakpa?

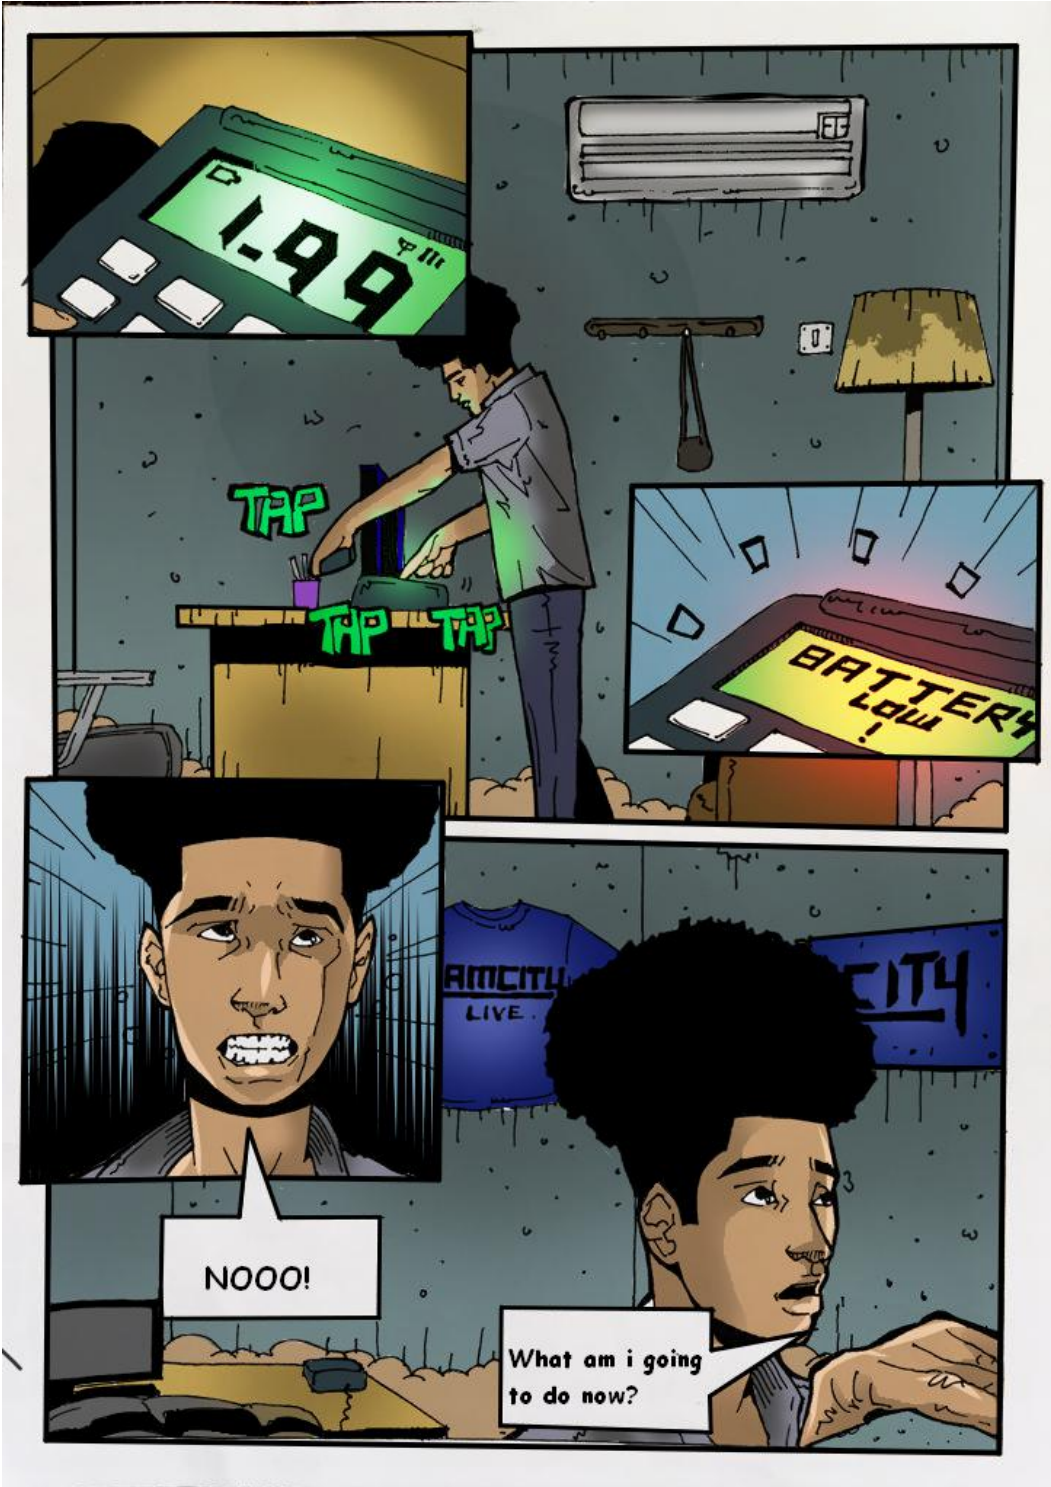

Impossible!

The Prof. says i have the most potent poisonous gases.

You guys should go check around the premises.....

And be careful. you can see what the hostile is capable of.

NOOO!

What am i going to do now?

They are coming this way.

VII They are going to find me. What am i going to do now?

WISHH

We have just ten minutes left, and i haven't seen Obele since he put two kids in the van earlier.

We have a big problem, Obele was attacked by someone .

CRUNCH

WHAT

Impossible! No one can escape Ijakpa's sleeping gas

This person must be very strong, Obele was obviously taken out with one blow and must have also inhaled some gas.

Lebeh saw him carrying two kids before entering the dining area where he was attacked. He probably went in search of food.

That Wobia!

I told the rest to look around carefully for the assailant, meanwhile you should go ready the van immediately. The air outside these premises will be safe.

You'll be driving since you are in no position to fight. We might have to retreat in case things don't go well.

Eeehh? Caught you!
You can't escape my
sleeping gas this time.

CLANG

A higher dosage of my
sleeping gas won't do
you any harm, You'll
just have a good night
sleep that's all.

Sleeping gas?! This
is bad. I hope this
won't let the gas
reach under here.

POOF

Ready or not here i
come; you can't hide,
cos i will find you...

The gas should take out an
elephant in 2 seconds.
whatever is hiding behind
that desk should have
passed out by now.

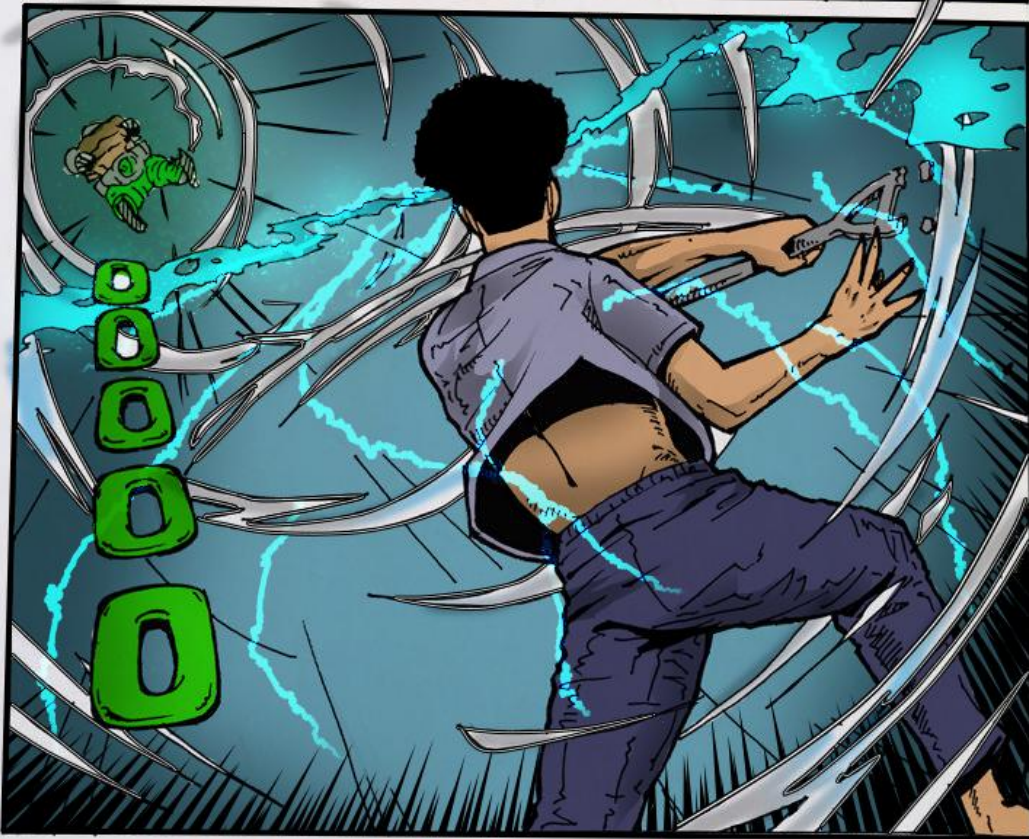

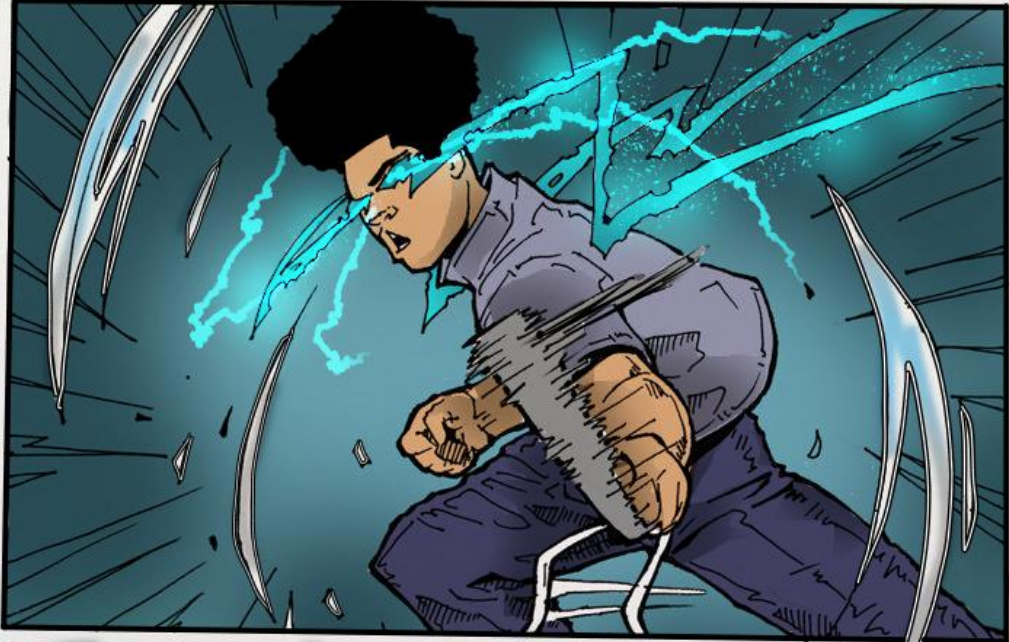

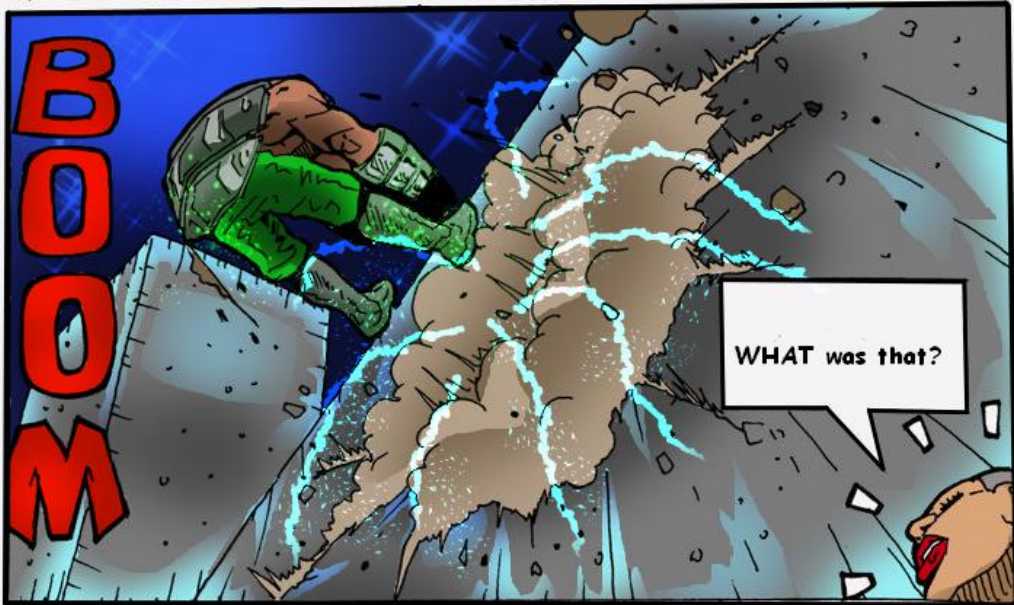

I have to do this with all my POWER

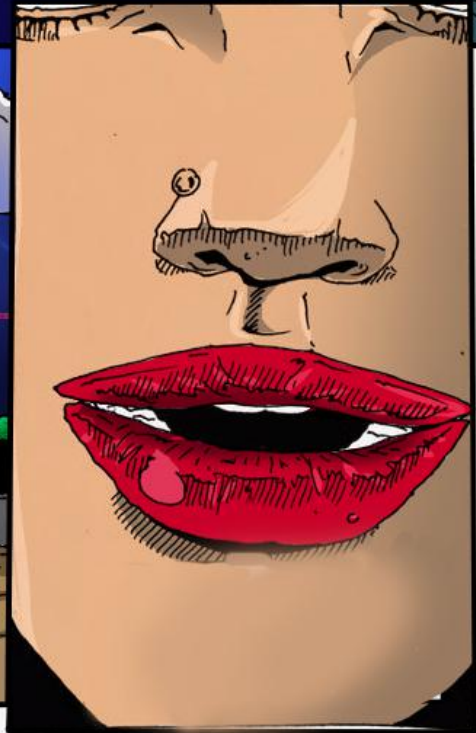

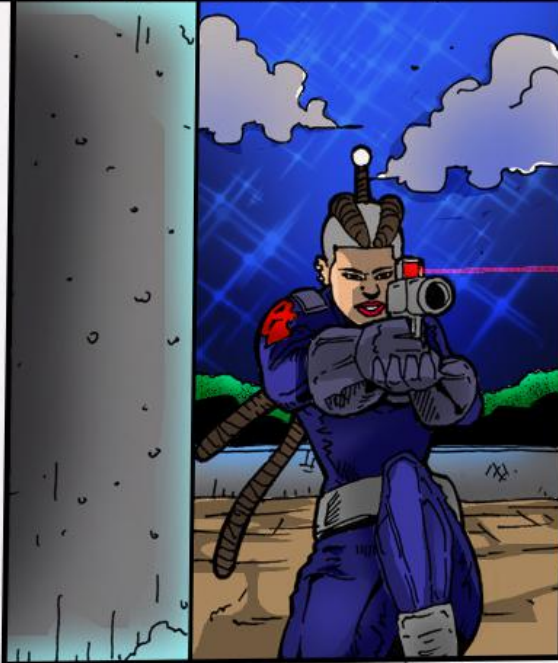

What will that racket...

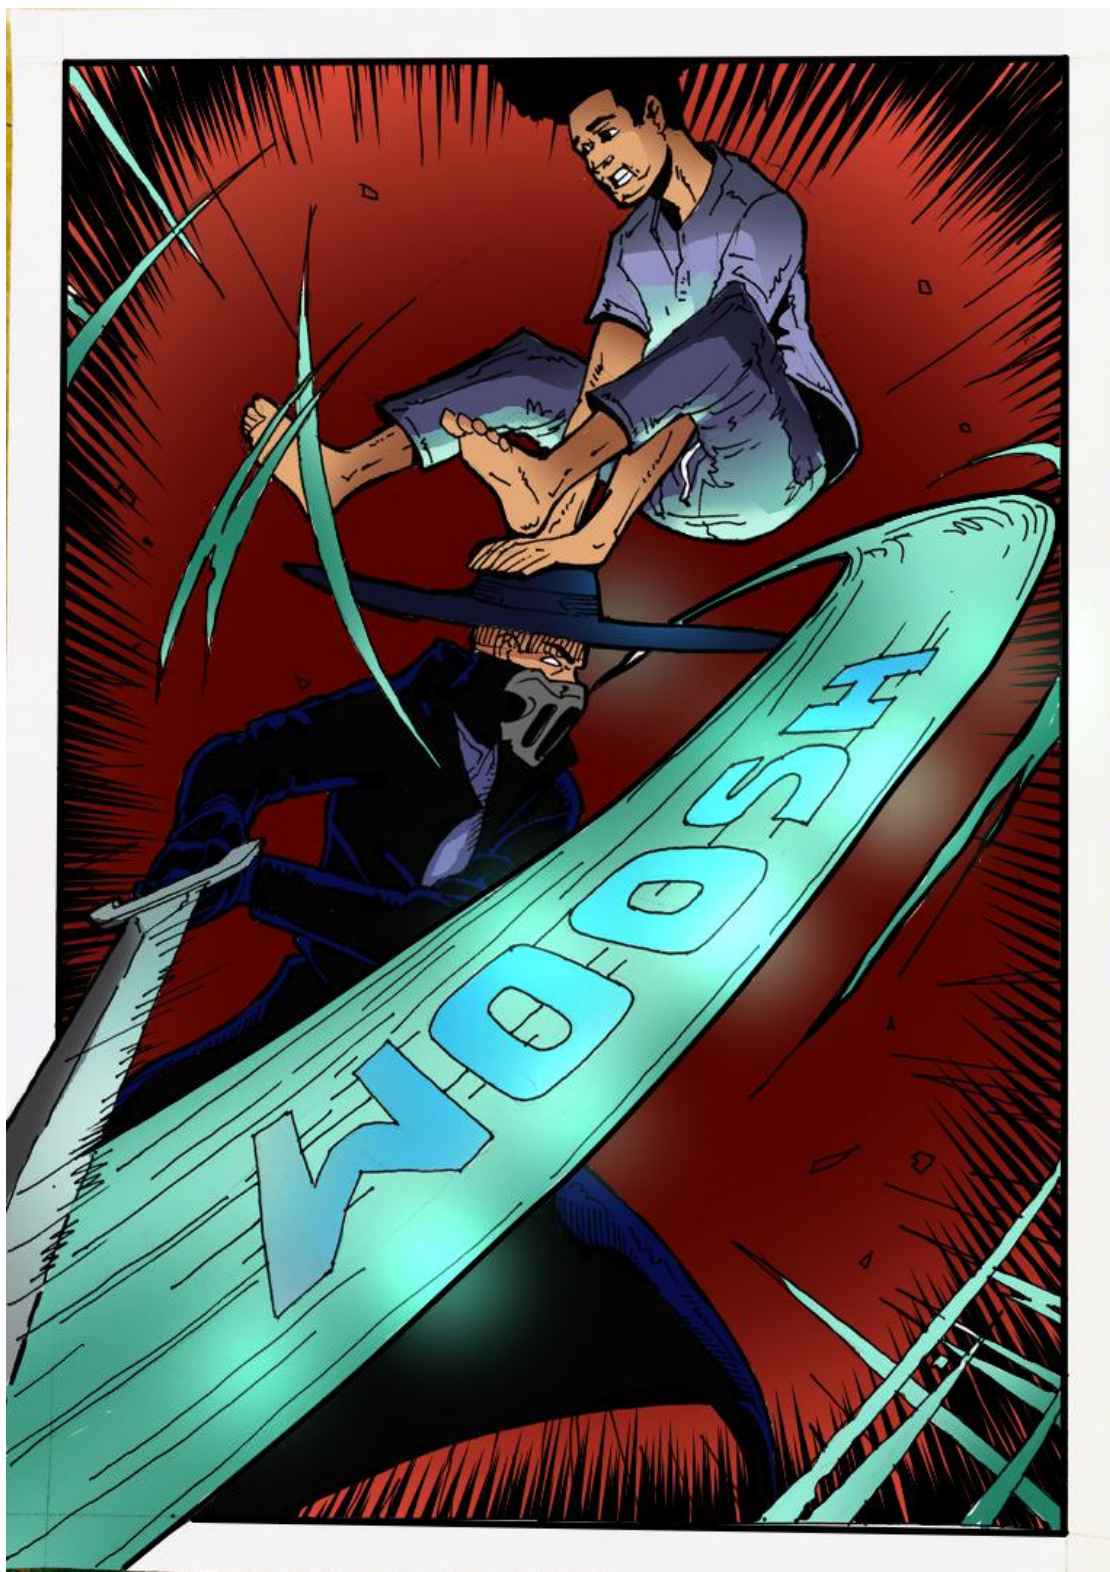

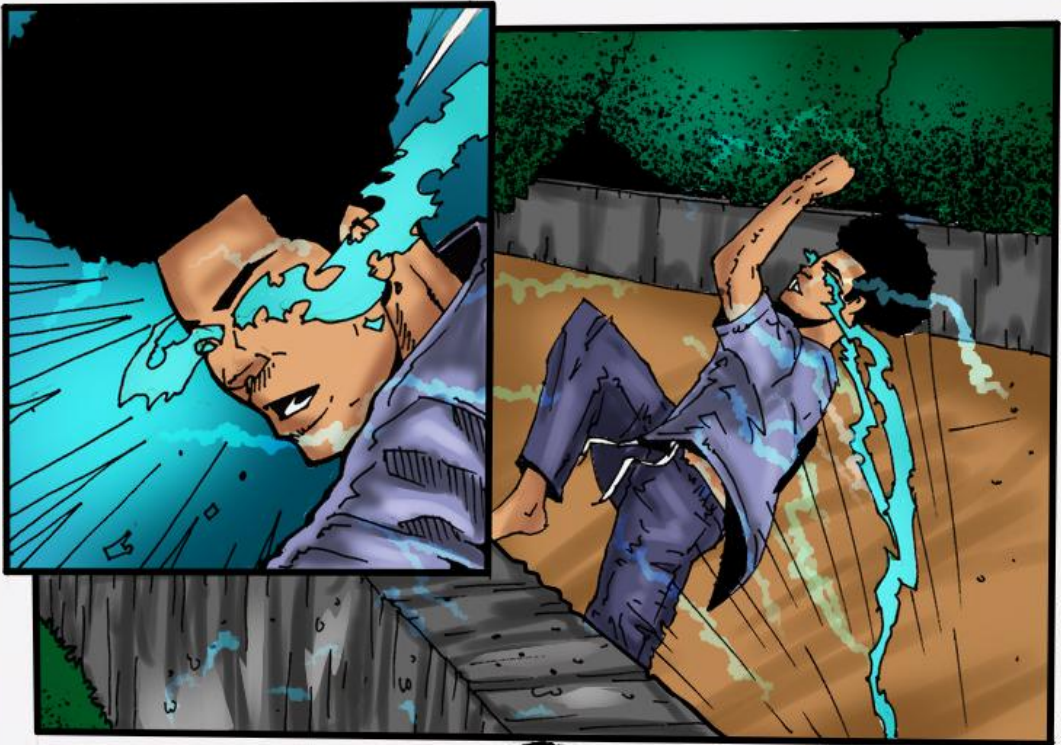

And IJAKPA'S gas has no effect on him either?

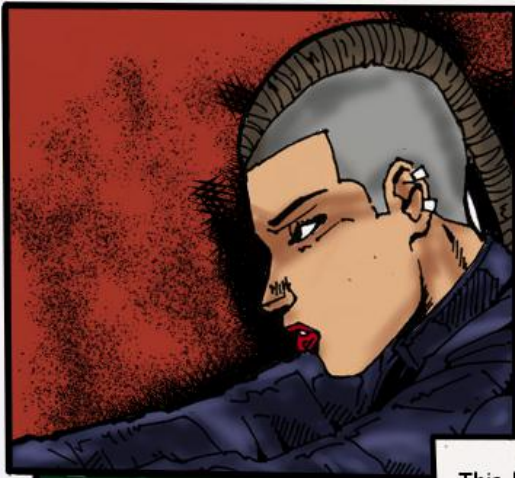

I can't believe i climbed up here so easily, How did i take out that man with just a racket? Something's definitely different about me. It's like i am faster and stronger..... They must be after me now.

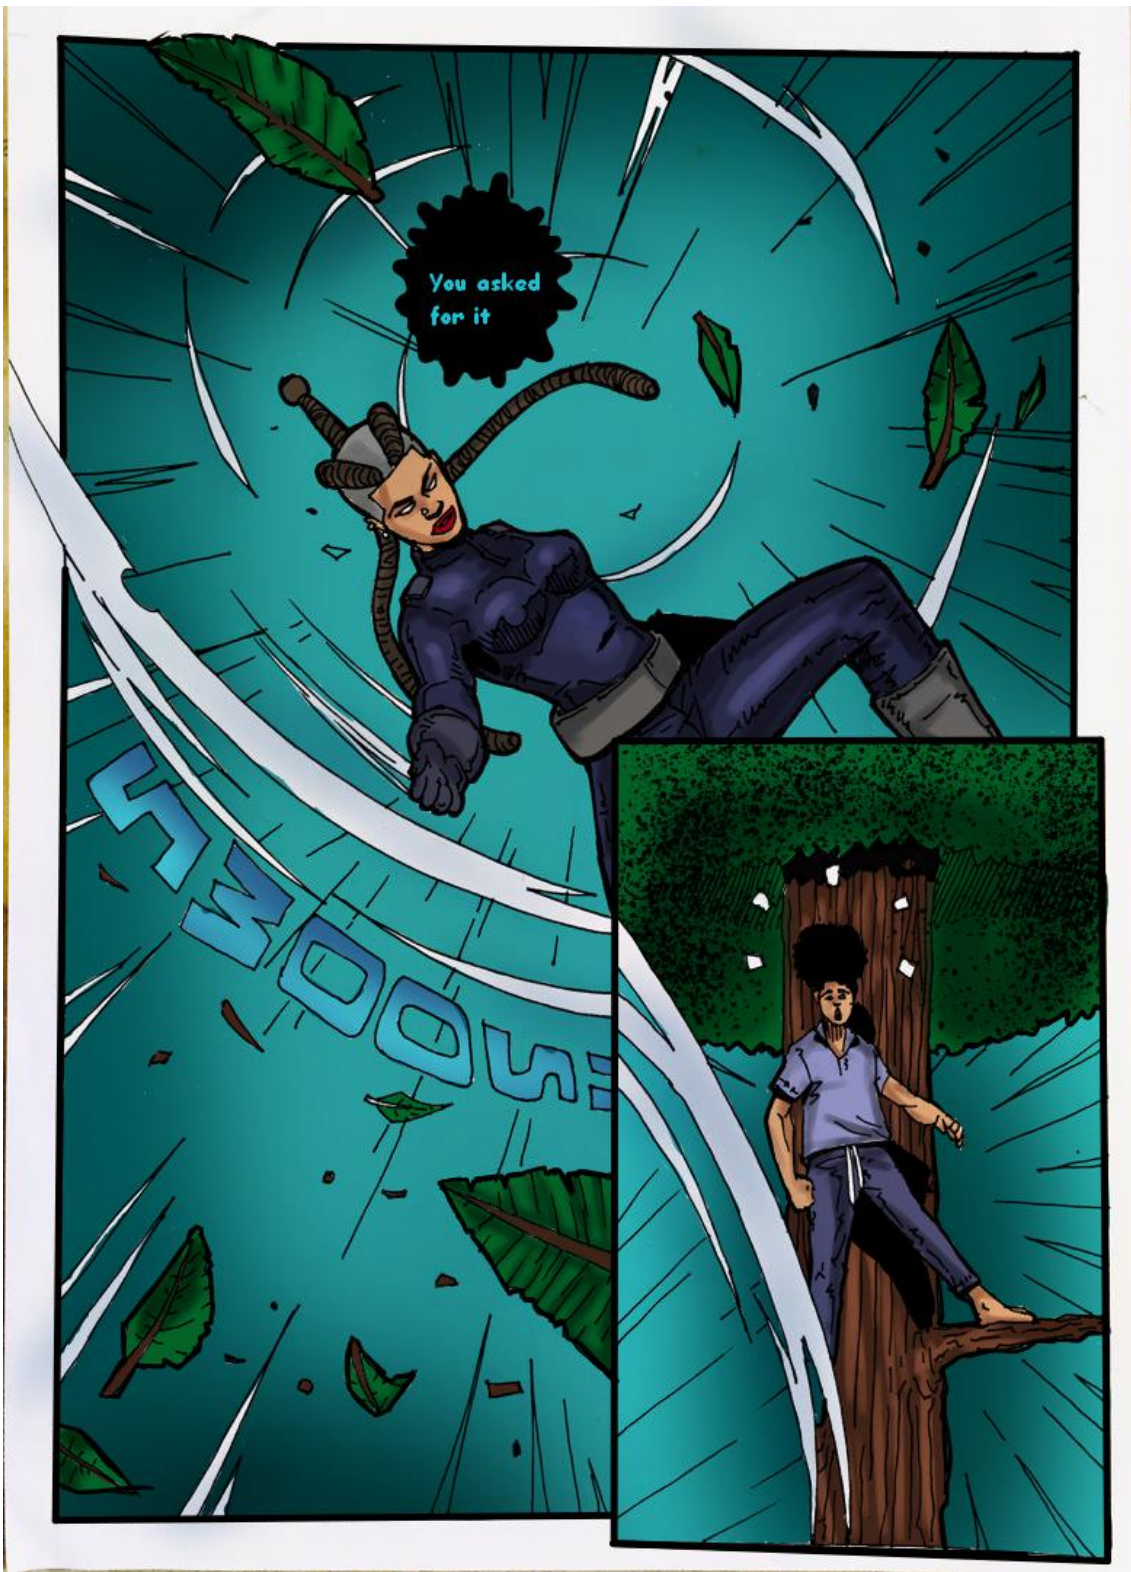

This lady.....She's looking for me.

What am i going to do now? Where is Mr. Akpan and why is there no help already? This is bad.

Come down here boy, come down here so we can discuss. I can see that you're a very special kid and special kids like you need special treatment.

You asked
for it

SWOOW!

Ehn?

How did i do that?

Splendid! The Prof would like to meet you

I can see why you are not masked and how you were able to take out tow of my men.

Two of her men? i luckily took out only one guy. The must be kidnappers in the news.

I might have to pretend i know what i'm doing here

Who are you and what do you want?

My name is MOMO and i mean you no harm.... I just want to have a chat with you. We have chosen a few of your friends .

to make them great and powerful. And you, you are very special and you need the Prof to bring the best in you

I too grew up an orphan, come with me and you will be better than you are now.

Don't even think of touching him!

UH?

FTOUM
